SUBJECT: Proposed amendment to CIA Regulation [redacted] Transportation

25X1 1. There is attached hereto proposed addition to paragraph A(1) of CIA Regulation [redacted] which will allow Senior Representatives and Chiefs of Stations or Missions to issue or to direct emergency travel where necessary.

2. It will be appreciated if your concurrence or other comments can be in this Office by 21 November 1951.

25X1 The following note was furnished in addition to the concurrence by Mr.

[redacted]

"I concur in the proposed addition. Of possible assistance to you in this matter are the following considerations: P.L. 830, subsection (d) vests the employee or his family with the power to designate locations arising from unusual conditions specified therein. In some instances it will be required that the chief of station specify the authorized destination. I would interpret the language "appropriate travel" to include both alternatives. A further suggestion would be to empower the chief of station to return the family to the original location upon the expiration of the emergency."
